

The NYC Green Cart Photography Commission

In partnership with the Laurie M. Tisch Illumination Fund and the New York City Department of Health

The Laurie M. Tisch Illumination Fund has provided a seed grant to the Mayor's Fund for New York City for the Department of Health to launch the NYC Green Cart initiative, providing underserved urban communities ready access to fresh fruits and vegetables via hundreds of independently-owned Green Carts.

This two-year photography commission will document the historic program through the perspectives of five emerging artists, selected by Aperture.
